CITY of PERTH

TEDxPerth is one of the best value personal and professional development opportunities in Australia.

Registration is just \$135 (including GST) for a full day of powerful talks, films, activations and performances – even refreshments and lunch are included. For groups of six or more, there are extra savings.

We're not-for-profit and our professional staff are all volunteers. This, coupled with support from our partners, makes TEDxPerth amazing value for money. Think how much you normally pay to attend a full-day conference and compare this to TEDxPerth, the second largest full-day TEDx conference in Australia. We invite you to invest in yourself, your team and your community.
